Circular 47 of 2023: Medical Scheme Benefit Options for Open Schemes Approved with Effect from 01 January 2024

1. Section 31(1) provides for a medical scheme, in the manner provided for in its rules, to amend or rescind any of such rules or make any additional rule.
2. The Council for Medical Schemes (CMS) hereby publishes the status of benefit options applicable to open schemes for the 2024 benefit year.
3. Section 31(2) states that no amendment, rescission, or addition of any rule shall be valid unless it has been approved by the Registrar. Section 31(3) further states that the Registrar shall approve if he is satisfied that the change will not be unfair to members or will not render the rules inconsistent with the Act. The requirement to only approve amendments, rescissions, or additions which are fair to members is in line with one of the functions of Council which is to protect the interest of beneficiaries at all times. Accordingly, and amongst other reasons this publication seeks to provide members and potential members of medical schemes with information to enable them to exercise informed choices.
